

# HPE AND PARALLELS

## HPE SimpliVity and Parallels Remote Application Server

**Working together. Accelerating results.**

### **A NEW STYLE OF PARTNERING**

Hewlett Packard Enterprise and Parallels are collaborating in a fresh new way to bring increased value to customers like you.

We know that acquiring technology is only the first step in achieving a business goal. The technology pieces need to work together. They need to be tested. They need to provide rich functionality, quickly and effectively, so you can concentrate on your business needs.

To help satisfy these needs, Parallels is a member of the HPE Partner Ready for Technology Partner program, an industry-leading approach to supply sophisticated integrated technologies in a simple, confident, and efficient manner.

Parallels has access to the right tools, processes, and resources to help our joint customers accelerate innovation and transformation that brings value, achieves business needs, and increases revenue and market share.

**Product overviews**

**Parallels® Remote Application Server (RAS)** is an all-in-one application delivery and VDI solution that allows users to securely access virtual workspaces from anywhere, on any device, anytime. Our cloud-ready software empowers organizations to embrace digital transformation by centralizing management of the IT infrastructure, streamlining multicloud deployment, reinforcing data security, and improving process automation. Its flexible and scalable architecture allows organizations to quickly adapt to business demands. The key benefits of Parallels RAS include:

- Superior user experience on any device, anywhere
- Enhanced data security
- IT agility and business readiness
- Easy to deploy, configure, and maintain
- Reduce total cost of ownership (TCO)

**HPE SimpliVity:** The HPE SimpliVity solutions give IT leaders the agility and economics of the cloud with the control and governance of on-premises IT. They deliver powerhouse hyperconverged solutions capable of running some of the world’s most efficient and resilient data centers. These solutions dramatically simplify IT by combining infrastructure and advanced data services for virtualized workloads onto the bestselling server platforms in the market.

**COMPANY OVERVIEW**

**About Parallels**

Parallels Inc., a global leader in cross-platform solutions, makes it simple for customers to use and access the applications and files they need on any device or operating system. We help businesses and individuals securely and productively use their favorite devices and preferred technology, whether it’s Windows, Mac, iOS, Android, Chromebook, Linux®, or the cloud. Parallels solutions enable seamless delivery of virtual desktops and applications to any device, running Windows on a Mac, Mac management with Microsoft SCCM, and

remote access to PCs and Mac computers from any device. Recently, Parallels became part of the Corel Corporation and joins an impressive collection of industry-leading brands, including CorelDRAW, WinZip, ClearSlide, and MindManager.
